ms. Staples)

My name is James D. Blakey I'm 34 years of age, I'm serving a sentence at the Federal Correctional Institution - Beckley, "Please Hear me out,"

Back on the 24th Oct-06 I got an operation that left me "Crippled & Disfigured", This medical Dept. at this Prison won't get another Doctor to fix my Shoulder that this last Doctor Crippled, They have put me in the hole, I've been here since 31st Oct when they found out what was going on with my surgery,

On the 31st of Oct I went to medical because I had a Big bump on the top of my Shoulder & it hurt, They Refused to see me & we had a few words & next thing you know I'm locked up in the hole with a shot, - a write up, They told me this Doctor has got to fix this & if you seen just how Bad I really look, You would not Blame me one bit because this is malpractice & I've been suffering every since, I'm a Political Prisoner They have not helped me in anyway, I've asked the Warden to Please Help me, They have lied to me & my unit team members won't help me I've been blackballed & I'm Scared for my life & Thinking about checking into Protective Custody.

There's alot going on here I really need help from your office please! my Constitutional Right are being taken from me & The Freedom of Information act also, I've tried to get Pictures of my Shoulder & my medical Records & They won't give them to me & my mother has been trying to get me a Attorney over the way medical has been treating me, Since all of this, last monday the 4th They came to get me for Surgery after I had already ate Breakfast, & You know your not supposed to eat before any operation, & it was the Same Doctor who caused all the Problem in the first Place,

A week before that the Doctor came & Saw me & I was going to let him work on me because no other Doctor in Westvirginia won't work on me because of what this Doctor has already done, So now this is life threatening matter right now, & I've got a copy of my Refusal form with the Possible Consequences, #1 worsening condition #2 DEATH, #3 Infection #4 Loss of mobility or function of Right Shoulder & arm,, That's what this Pice of Paper says I did not Sign it & They beged & Tried to get me to Sign or go get the operation,

There's conspiracy, Criminal conspiracy to cover up the facts here, I've filed every Administrative Remedy I can, This is very wrong whats going next Page

 Doctor who did this to me work on me again & That
 before any other Doctor Does anything I want my
 medical Records' & Pictures' & I'm not Signing anything
 With out a Lawyer, So untill I get one they are
 not doing nothing to me,

The Doctor who Did the operation told me at the
 time of the Surgery he did not have the right
 Pice of Steel & Just went with one he thought
 would work. All that tells me is he dont care
